Full episode also transcribed and on Video to watch, including my IGTV.

Take home points:

Have protocols in place in Clinical Dentistry so that your workflow becomes predictable

Train your staff well and make them familiar with your systems and protocols

Have a Philosophy for Occlusion - does not matter if it is Spear, Dawson, Kois, Pankey, Neuromuscular or whatever! Have A philosophy

Go all in - immerse yourself deep with knowledge, we owe it to our patients!
